Last Updated: 2017/08/10

Chapter 1 General Provisions

Article 1 (Purpose of these Procedures)

Procedures for Handling Material Inside Information (hereinafter referred to as these “Procedures”) of Far Eastern New Century Corporation (hereinafter referred to as the “Company”) are specially adopted to establish sound mechanisms for the handling and disclosure of material inside information by the Company, in order to prevent improper information disclosures and to ensure the consistency and accuracy of information released by the Company to the public.

Article 2 (Material inside information shall be handled in accordance with applicable laws and regulations and these Procedures)

The Company shall implement its handling and disclosure of material inside information in accordance with applicable laws and regulations, the rules and regulations of the Taiwan Stock Exchange Corporation or the GreTai Securities Market, and these Procedures.

Article 3 (Scope of application)

These Procedures shall apply to all Directors, managerial officers, and employees of the Company.

The Company shall ensure that any other person who acquires knowledge of the Company's material inside information due to their position, profession, or relationship of control shall comply with the applicable provisions of these Procedures.

Article 4 (Scope of material inside information)

For the purposes of these Procedures, the term "material inside information" refers to information that is defined by the Securities and Exchange Act, other applicable laws and regulations, and the applicable rules and regulations of the Taiwan Stock Exchange Corporation or the GreTai Securities Market.

Article 5 (Responsible Unit in charge of the handling of material inside information)

The unit charged with handling material inside information of the Company is composed of every Chief Operating Officer or Executive Vice President of business headquarters and every Executive Vice President of the corporate-management department (hereinafter referred to as the "Responsible Unit"). The Responsible Unit shall have the following functions and authorities:

- 1) Responsibility for formulating the drafts of these Procedures and any amendments to them.
- 2) Responsibility for receiving inquiries in connection with the methods of handling material inside information, and for consultation, review, and recommendations relating to these Procedures.
- 3) Responsibility for receiving reports on unauthorized disclosures of material inside information and formulation of corresponding measures.
- 4) Responsibility for designing a system for preserving all documents, files, electronic records, and other materials related to these Procedures.
- 5) Other activities related to these Procedures.

Chapter 2 Confidentiality Procedures of Material Inside Information

Article 6 (Confidentiality firewall operations – personnel)

The Accounting Department of the Company shall establish and maintain the required information reported by insiders in accordance with the Securities and Exchange Act.

The Company's Directors, managerial officers, and employees shall exercise the due care and fiduciary duty of a good administrator and act in good faith when performing their duties.

No Director, managerial officer, or employee with knowledge of material inside information of the Company may divulge the information to others, nor may they purchase or sell the shares, other equity-type securities of the Company or sell the non-equity-type corporate bonds of the Company, prior to the public disclosure of such material inside information or within a certain period after its legally public disclosure.

No Director, managerial officer, or employee of the Company may inquire about or collect any non-public material inside information of the Company not related to their individual duties from a person with knowledge of such information, nor may they disclose to others any non-public material inside information of the Company of which they become aware for reasons other than the performance of their duties.

Article 7 (Confidentiality firewall operations - documents and information)

Proper protection of confidentiality shall be given to files and documents containing the Company's material inside information when transmitted in written form. When transmitted by e-mail or other electronic means, such files and documents must be processed with appropriate security technology such as encryption or electronic signatures.

Files and documents containing the Company's material inside information shall be stored in a secure location.

Article 8 (Operation of confidentiality firewalls)

The Company shall ensure that the firewalls specified in the preceding two articles are established, and take the following additional steps:

- 1) Adopt adequate control measures for the firewalls and perform periodic testing.
- 2) Enhance measures for custody and maintaining the secrecy of files and documents containing non-public material inside information of the Company.

Article 9 (Confidentiality obligations of outside organizations and persons)

Any organization or person outside of the Company that is involved in any corporate action of the Company relating to a merger or acquisition, major memorandum of understanding, strategic alliance, other business partnership plans, or the signing of a major contract shall be required to sign a confidentiality agreement, and may not disclose to another party any material inside information of the Company's thus acquired.

Chapter 3 Procedure of Disclosure of Material Inside Information
